A Message from Suzanne Wittman, Executive Director

Happy New Year! Like many of you, I'm ready to start 2018 with renewed energy and eager anticipation!

This year the Chamber will focus on how to continue to better serve the business members of Clintonville and the surrounding areas.

Already, you've seen some of the changes being made…stay tuned for more!

Our newest endeavor is our redesigned website. I wanted a website that encompassed all that we can offer our members and the community.

Tourism, business, workforce and community development are just a few areas we're involved in.

Also, if you have a minute, watch the video near the bottom of our site provided by the New North. We have partnered with them to promote Northeast Wisconsin as an area to work, play and live.

This new website was also a way to spotlight out Booster members who do so much to support our efforts. (If you're a Booster member and don't see your logo, let us know, we want you on the home page!)

Remember, we work for you! Call, email or drop by and let us know if there is something we can help with.

On a final note, I'm happy to welcome our newest directors to the Clintonville Area Chamber of Commerce Board of Directors; Wendy Pringnitz of Bank First National and Steve Schutt of Schutt Industries. These individuals recognize the importance of working together for the betterment of our community.

Thank you for being a part of the Chamber and here's to a healthy and prosperous new year!

Bank First Committed to Serving, Giving Back to Community

Bank First in Clintonville is an independent, relationship-based community bank offering full service banking to both businesses and personal customers alike. The bank has a long-standing history dating back to 1894, when it was founded in Manitowoc. Through a combination of acquisitions and de novo offices, Bank First has expanded to serve the banking needs of 18 communities throughout Wisconsin.

Bank First employees pictured front row, l to r: Carol Bouchette, Heath Korth, Sue Klotzbuecher, Colleen Mueller, Kayla Behnke. Back row, l to r: Jodi Behnke, Brian Shambeau, Sue Marquardt, Mike Papendorf, Wendy Pringnitz, Kristine Snowden and Debbie Jahnke.

Along with the usual banking services of checking accounts and savings accounts, Bank First offers a wide array of loans and loan services from real estate and home equity to commercial loans and more. An added benefit of being a customer of Bank First is decisions are made locally by a team of bankers that live in the community and understand the needs of its customers. Local decisions result in quick decisions, which helps make the financial lives of the customer easier.

In addition to the convenience of traditional online banking, Bank First has available a mobile app, Bank First goBank, which allows user the same conveniences as online banking, plus the capability to deposit checks by simply taking a photo of a check and depositing it into their account. Popular features, such as Bill Pay and P2P (person-to-person payments) are available with online banking and the goBank mobile app.

"We're a local community bank," stated Wendy Pringnitz, AVP – Retail Banking. "Although our name recently changed from First National Bank to Bank First, we're still the same bank with the same people dedicated to serving our customers and community."

Bank First takes great pride in supporting its community. In 2016 alone, the bank contributed over $700,000 to more than 500 northeast Wisconsin community events and organizations. Its employees donated over 9,000 hours of volunteering in the community as well.

"We have a close relationship with the community," said Pringnitz. "Our team considers itself an extension of our customers and our community; their goals are our goals, and we will go out of our way to ensure their objectives are met."

Bank First promises clients a relationship-based community bank focused on providing innovative products and services that are value driven. Visit them at: www.bankfirstnational.com to learn more.

DEADLINES

Certified Physician Assistant Joins Clintonville Clinic

ThedaCare Physicians-Clintonville welcomes Lauren Dailey, PA-C to its team of family medicine providers.

Dailey received her bachelor's degree from the University of Wisconsin-La Crosse, and her master's degree of medical science in physician assistant studies from Midwestern University in Illinois. She is a member of the Wisconsin Academy of Physician Assistants and the American Academy of Physician Assistants.

Outside of work, Dailey enjoys spending time with family, being outdoors, and boating on the Wolf River.

Local Rotarians do a good deed for the Clintonville Goodfellows

With the distribution date nearing for the Goodfellows annual collection of food, clothing and holiday gifts, our Rotary club participated in the effort in the form of a cash donation of $200. Here Goodfellows leader Steve Conradt accepts the check from club treasurer Marsha Handrich at a recent meeting. Steve filled the group in about the history of the Goodfellows organization, which was formed back in 1950, and they have been doing good deeds since. The Rotarians were also asked to bring food donations which can be seen on the table here." Photos courtesy of Jeff Hoffman
